### WORK EXPERIENCE

#### Software Engineer

Resilient Coders | 2021 to present

- Developed full stack web applications with different frameworks and backend support
- Design interactive websites with responsive features
- Collaborate with a team of developers to build web applications using best practices
- Work with clients to create custom projects

#### Projects:

- Classic games such as Tic-Tac-Toe using object-oriented programming and a matching card game.
- A slot machine that allow players to bet and track their wins/losses.
- A Rick & Morty application built with 2 APIs that displays a character name and a GIF of the character.

#### Digital Media Coordinator

It's Deeper Than Travel | 2018 to 2019

- Maintained a strong social media presence across Facebook and Instagram
- Monitored and analyzed website traffic
- Content creation for social media, website and e-newsletter

#### Video Production

Kutztown University | 2017 to 2018

- Established relationships with local businesses for advertisement
- Produced feature packages for a 30-minute program aired in Berks County
- Coordinated with team for pre-production, scripting and post-production
- Assisted on camera operation, audio recording, and lighting

### EDUCATION HISTORY
